

Double Slide with Swing

Double Slide with Swing

Two certified, low-maintenance A-shaped towers with a ladder climbing route and a slide, complemented by a hanging swing. You can choose between a classic seat or a baby seat. The baby seat features a surround with a bar between the child's legs, preventing slipping or falling, while also providing back support. The steel structure is weather-resistant thanks to galvanising and a durable powder-coated finish. The HPL panels and HDPE plastic used are chemically resistant, UV-resistant - color-stable, non-toxic, recyclable, and resistant to breakage. This eliminates the risk of injury to children from sharp edges or fragments.

Specifications

The Double Slide with Swing is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	5.70 x 2.80 x 1.90 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	8.80 x 7.10 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, LDPE, PA, Rubber, stainless steel fasteners and chains
