

Double Slide with Swing

Double Slide with Swing

Two certified maintenance-free A-frame towers with a ladder climber and a slide, complemented by a hanging swing. You can choose a classic seat or a baby seat. The baby seat includes a bar between the child's legs that prevents sliding or falling out, while also providing back support. The steel structure is weather-resistant thanks to galvanising and a durable powder-coated finish. The HPL material and HDPE plastic used are chemically resistant, UV-resistant, colorfast, non-toxic, recyclable, and shatter-resistant. This eliminates the risk of injury to children from sharp edges or splinters.

Specifications

The Double Slide with Swing is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	5.70 x 3.60 x 2.40 m (L x W x H)
Max. Fall Height:	up to 1.50 m
Safety Surfacing Area:	8.80 x 8.50 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, LDPE, PA, Rubber, stainless steel fasteners and chains
