

Double Slide with Swing

Double Slide with Swing

Two certified maintenance-free A-frame towers with a ladder climber and a slide, complemented by a swing with a swing nest. The nest is suitable for swinging several children at once, including in an unconventional lying position. The nest features a safety suspension with a securing chain. The steel structure is weather-resistant thanks to galvanizing and coating with durable powder paint. The HPL material and HDPE plastic used are chemically resistant, UV-resistant - color-stable, non-toxic, recyclable, and resistant to breakage. This eliminates the risk of children being injured by sharp edges or fragments.

Specifications

The Double Slide with Swing is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	6.40 x 2.80 x 1.90 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	9.50 x 7.10 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, LDPE, Polyurethane, PA, Rubber, stainless steel fasteners and chains
