

Spring Rocker - Small Boat

Spring Rocker - Small Boat

The materials and construction of the boat-themed spring rocker ensure long service life and safety. A steel spring with a durable surface finish and HPL panels provide long-lasting durability, color-stability, and safety. The HPL material is chemically resistant, UV-resistant, non-toxic, recyclable, and shatter-resistant. This eliminates the risk of injury to children from sharp edges or fragments. Spring rockers can be installed on grass, gravel, or sand playgrounds, or you can use a grass mat, rubber mat, or EPDM surfacing underneath the rocker. All spring rockers comply with the STN EN 1176 safety standard.

Specifications

The Spring Rocker - Small Boat is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	1.20 x 0.90 x 1.00 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	3.60 x 3.40 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, PA, stainless steel fasteners
