

Spring Rocker - Brown Bear

Spring Rocker - Brown Bear

The materials and construction of the brown bear spring rocker ensure long service life and safety. The steel spring with a durable surface finish and HPL panels guarantee long durability, color stability, and safety. The HPL material is chemically resistant, UV-resistant, non-toxic, recyclable, and resistant to breakage. This means there is no risk of children being injured by sharp edges or fragments. Spring rockers can be installed on grass, a playground with gravel or sand, or you can use a grass mat, rubber mat, or EPDM surface underneath the rocker. All spring rockers comply with the STN EN 1176 safety standard.

Specifications

The Spring Rocker - Brown Bear is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	0.80 x 0.40 x 0.70 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	3.30 x 2.80 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, PA, stainless steel fasteners
