

Spring Rocker - Horses

Spring Rocker - Horses

The materials and construction of the horse-themed spring rocker guarantee long service life and safety. The steel spring with a durable surface finish and HPL panels ensure long-lasting durability, color stability, and safety. The HPL material is chemically resistant, UV-resistant, non-toxic, recyclable, and resistant to breakage. This eliminates the risk of injury to children from sharp edges or fragments. Spring rockers can be installed on grass, a playground surfaced with gravel or sand, or you can use grass matting, rubber matting, or EPDM underneath the rocker. All spring rockers comply with the STN EN 1176 safety standard.

Specifications

The Spring Rocker - Horses is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	0.90 x 0.90 x 0.90 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	3.30 x 3.40 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, PA, stainless steel fasteners
