

Spring Rocker - Swans

Spring Rocker - Swans

The materials and construction of the swan-themed spring rocker ensure long service life and safety. The steel spring with a durable surface finish and HPL panels guarantee durability, color stability, and safety. The HPL material is chemically resistant, UV-resistant, non-toxic, recyclable, and resistant to breakage. This eliminates the risk of children being injured by sharp edges or fragments. Spring rockers can be installed on grass, a gravel or sand playground surface, or you can use a grass mat, rubber mat, or EPDM surfacing underneath the rocker. All spring rockers comply with the STN EN 1176 safety standard.

Specifications

The Spring Rocker - Swans is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	1.50 x 0.30 x 1.00 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	4.00 x 2.70 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, PA, stainless steel fasteners
