

Pedal Carousel

Pedal Carousel

This children's pedal carousel with seats is made of hot-dip galvanised steel with a powder-coated finish. It is designed to deliver a long service life and safe operation. The seats are made of HPL panels, which are chemically resistant, UV-resistant, non-toxic, recyclable, and resistant to breakage. This eliminates the risk of injury to children from sharp edges or fragments. For increased safety, the pedal mechanism is one-directional, so the movement of the carousel does not spin the pedals.

Specifications

The Pedal Carousel is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	2.20 x 2.20 x 0.70 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	Ø 5.20 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, stainless steel fasteners

Pedal Carousel
