

Inclusive Carousel - 2.0m

Inclusive Carousel - 2.0m

This carousel offers fun for all children without exception thanks to its barrier-free design. The inclusive children's carousel with seats is made of hot-dip galvanised steel finished with powder coating. It is designed with long service life and operational safety in mind. The central steering wheel, floor, and seats are made of eco-friendly HPL material that is UV-resistant, non-toxic, recyclable, and shatter-resistant. This eliminates the risk of injury to children from sharp edges or fragments.
