

Slide with Swing

Slide with Swing

A certified maintenance-free A-frame tower with a ladder climber and a slide, complemented by a hanging swing with a classic seat. The turquoise-and-orange design invites play from a distance. The steel structure is weather-resistant thanks to galvanising and a durable powder-coated finish. The HPL material and HDPE plastic used are chemically resistant, UV-resistant, colorfast, non-toxic, recyclable, and shatter-resistant. This eliminates the risk of injury to children from sharp edges or splinters. All fasteners are made of stainless steel and covered with plastic protective caps to increase durability and safety.
