

Spring Rocker - Cow

Spring Rocker - Cow

The materials and construction of the cow-themed spring rocker guarantee long service life and safety. The steel spring with a durable surface finish and HPL panels ensure long-lasting use, colorfastness, and safety. The HPL material is chemically resistant, UV-resistant, non-toxic, recyclable, and shatter-resistant, so there is no risk of injury to children from sharp edges or fragments. Spring rockers can be installed on grass, gravel, or sand playgrounds, or a grass mat, rubber mat, or EPDM surface can be used underneath. All spring rockers comply with the STN EN 1176 safety standard.

Specifications

The Spring Rocker - Cow is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	0.80 x 0.40 x 0.90 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	3.30 x 2.80 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, PA, stainless steel fasteners
