

Seesaw Swing - Horse

Seesaw Swing - Horse

The best fun is always with a friend. That is why a seesaw swing should be part of every playground. It teaches children to cooperate, improves their coordination, and helps develop their motor skills. When choosing products for a playground, the choice of materials plays a key role, as it has a major impact on the playground's service life. That is why we place emphasis on quality materials, careful installation, and compliance with all applicable standards. The HPL material used is chemically resistant, UV-resistant, colorfast, non-toxic, recyclable, and shatter-resistant. This eliminates the risk of injury to children from sharp edges or splinters. All fasteners are made of stainless steel and covered with plastic protective caps to increase durability and safety.

Specifications

Spring Rocker - Horse is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	3.00 x 0.30 x 1.30 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	5.20 x 2.50 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, PA, HPL, Rubber, stainless steel fasteners
