

## Rope Carousel

### Rope Carousel

This carousel invites even older children to play. The rotating handles are attached to the structure by chains, ensuring long service life and durability. The children's rope carousel is made of hot-dip galvanised steel finished with powder coating. It is designed with long-term durability and operational safety in mind.

### Specifications

The Rope Carousel is certified according to STN EN 1176

|                               |                                                               |
|-------------------------------|---------------------------------------------------------------|
| <b>Age Group:</b>             | 3-14 years                                                    |
