

Slide with Swing

Slide with Swing

A certified, low-maintenance A-frame tower featuring a ladder climber and a slide, complemented by a hanging swing with a classic seat. The steel structure is weather-resistant thanks to galvanising and coating with a durable powder finish. The HPL panels and HDPE plastic used are chemically resistant, UV-resistant - color-stable, non-toxic, recyclable, and resistant to breakage. This prevents children from being injured by sharp edges or fragments. All joints are stainless steel and covered with plastic protective caps for increased durability and safety.

Specifications

The Slide with Swing is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	4.00 x 2.80 x 1.90 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	5.50 x 7.10 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, LDPE, PA, rubber, stainless steel fasteners and chains
