

Slide with Swing

Slide with Swing

This certified, maintenance-free A-frame tower features a ladder climber and a slide, complemented by a hanging nest swing. The nest swing is suitable for swinging several children at once, including in an unconventional lying position. It has a safety suspension with a locking chain. The steel structure is weather-resistant thanks to galvanising and coating with durable powder paint. The HPL panels and HDPE plastic used are chemically resistant, UV-resistant - color-stable, non-toxic, recyclable, and resistant to breakage. This eliminates the risk of injury to children from sharp edges or fragments. All joints are made of stainless steel and covered with plastic protective caps for increased durability and safety.

Specifications

The Slide with Swing is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	5.10 x 2.80 x 1.90 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	6.50 x 7.10 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, LDPE, Polyurethane, PA, stainless steel fasteners and chains
