

Spring Rocker Motorcycle

Spring Rocker Motorcycle

The materials and construction of the motorcycle-themed spring rocker guarantee long service life and safety. The steel spring with a durable surface finish and HPL panels ensure long-lasting durability, color stability, and safety. The HPL material is chemically resistant, UV-resistant, non-toxic, recyclable, and resistant to breakage. This eliminates the risk of children being injured by sharp edges or fragments. Spring rockers can be installed on grass, gravel, or sand playgrounds, or you can use a grass mat, rubber mat, or EPDM surfacing underneath the rocker. All spring rockers comply with the STN EN 1176 safety standard.

Specifications

The Spring Rocker Motorcycle is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	0.90 x 0.30 x 0.80 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	3.30 x 2.70 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, PA, stainless steel fasteners
