

Seesaw on One Leg

Seesaw on One Leg

The greatest fun is always with a friend. That's why every playground should include a seesaw. It helps children not only learn to cooperate, but also improve their coordination and develop their motor skills. When selecting products for a playground, the choice of materials plays an essential role, as it has a major impact on the playground's service life. That's why we focus on quality materials, careful assembly, and compliance with all applicable standards. The HPL material used is chemically resistant, UV-resistant - color-stable, non-toxic, recyclable, and resistant to breakage. This eliminates the risk of injury to children from sharp edges or fragments. All joints are stainless steel and covered with plastic protective caps to increase durability and safety.

Specifications

The Seesaw on One Leg is certified according to STN EN 1176

Age Group:	3-14 years
Product Dimensions:	3.00 x 0.30 x 1.20 m (L x W x H)
Max. Fall Height:	up to 0.99 m
Safety Surfacing Area:	5.20 x 2.50 m (according to STN EN 1176-1)
Materials:	Galvanised and powder-coated steel, HPL, Rubber, Stainless steel fasteners
